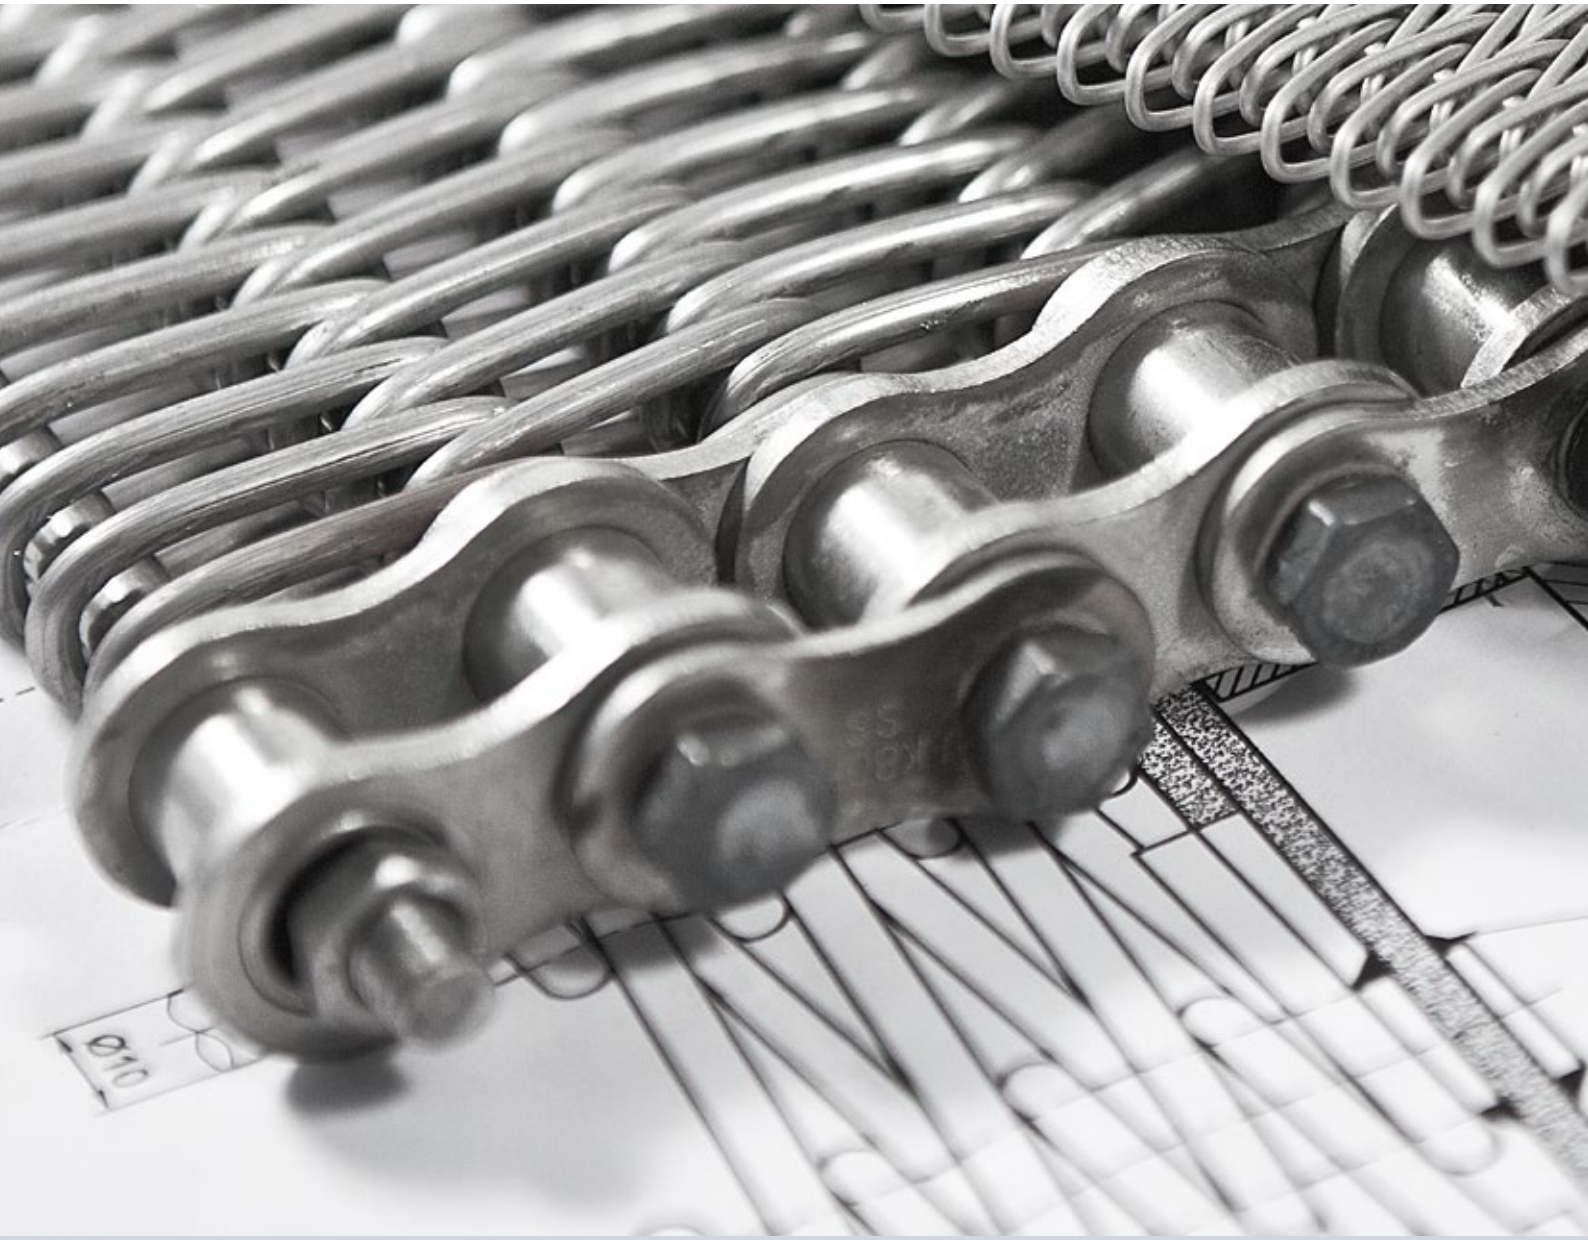
DOH Wire conveyor belts

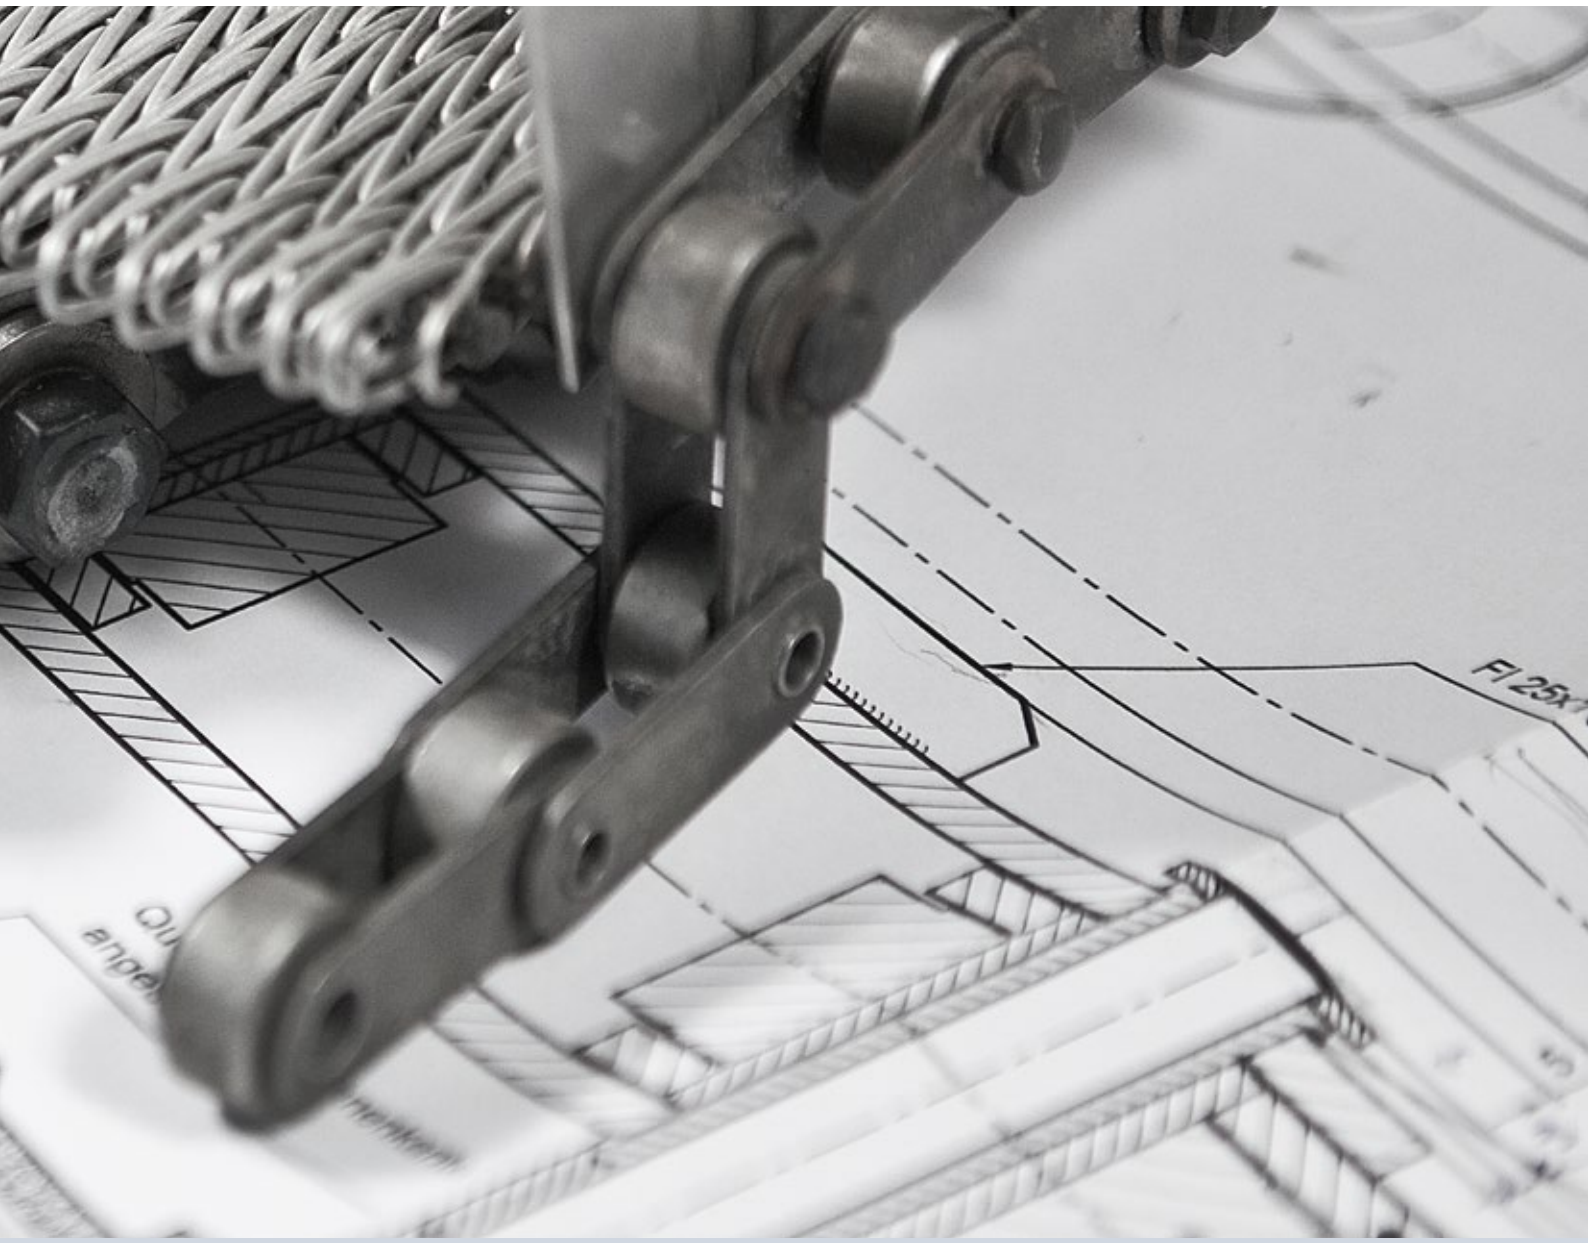
MORE INDIVIDUALITY. MORE OPPORTUNITIES.

YOUR FACTORY OF INDIVIDUAL WIRE BELTS

DOH Wire conveyor belts



WHEN STANDARD SOLUTIONS ARE INSUFFICIENT – WIRE CONVEYOR BELTS DOH Ltd.



We solve complex problems.

The idea is always individual. It is successful if its implementation is perfect.

> Focusing on our customers' ideas, developing and delivering the best – the way we serve our customers – is the Foundation for great new ideas and their effective implementation. We will listen to You, consult you, find a joint resolution and will constantly develop. We take on the hardest work – because we can do it.

We are always ready to help You.

Solving Your aims is our goal.

We are qualified and experienced manufacturers of wire conveyor belts, our products are customized and high-strength products for a wide variety of industries. Our clients are the enterprises of different branches both in Germany, and abroad.

We implement projects of different size and elaboration.
From the management of DOH Ltd. to a simple employee: we are personally responsible for each order. We are especially glad when the customer is you. Because we know: this is the only way we can go into the future.

Our decisions have their own character...

... thanks to the people behind it – thanks to their competence, advice and service.

Using our many years of experience, we are able to solve the most complex problems and create a product that meets the most demanding requirements.

We consider ourselves Your partner who will help to develop the idea and implement it.

Quality of all components.

Certification according to DIN EN ISO 9001:2008 standard obliges us observe the quality of even the smallest parts.

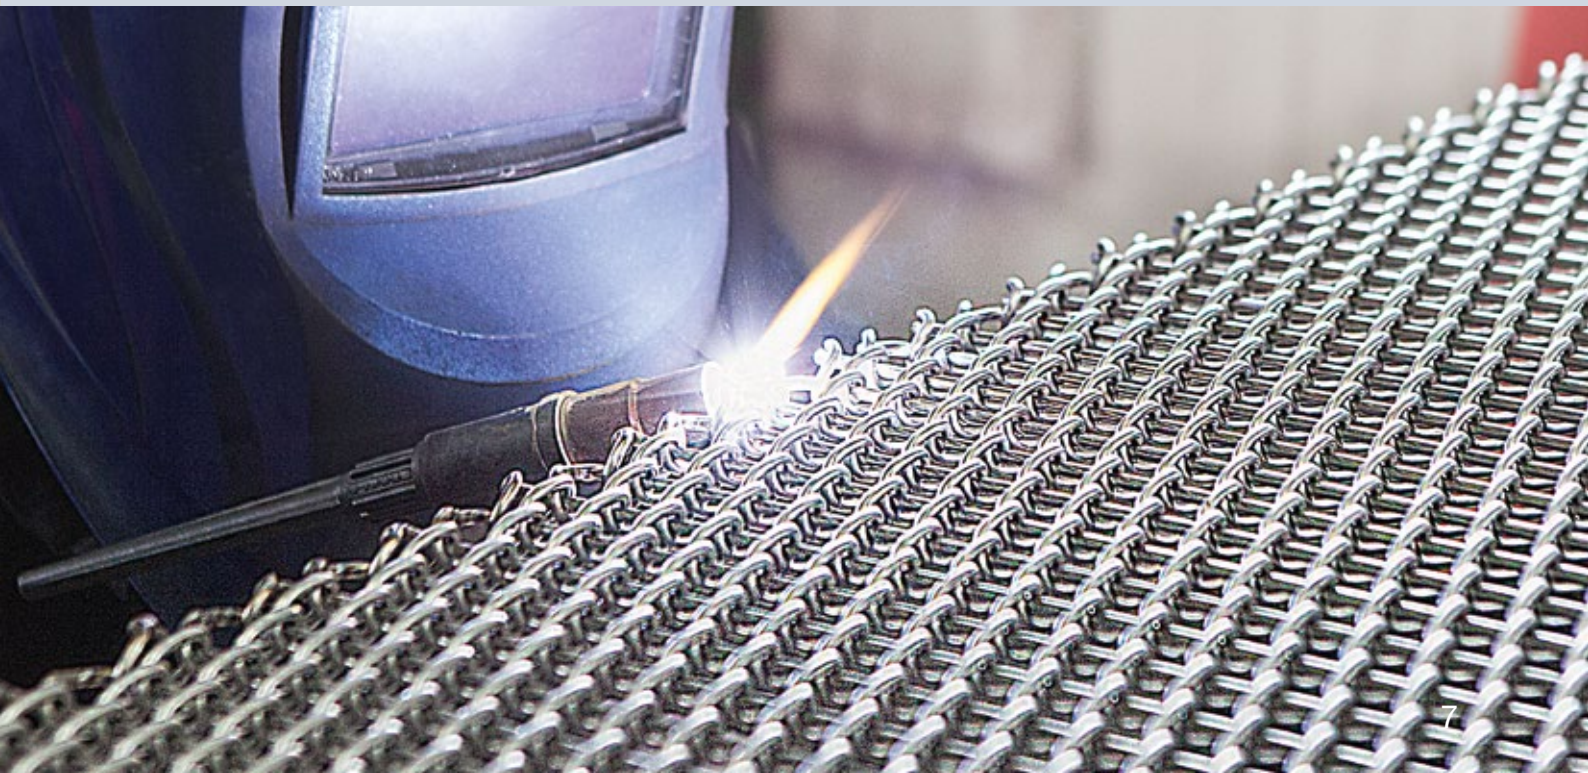
Certification according to DIN EN ISO 50001:2011 requires us to constantly improve the quality of our products.

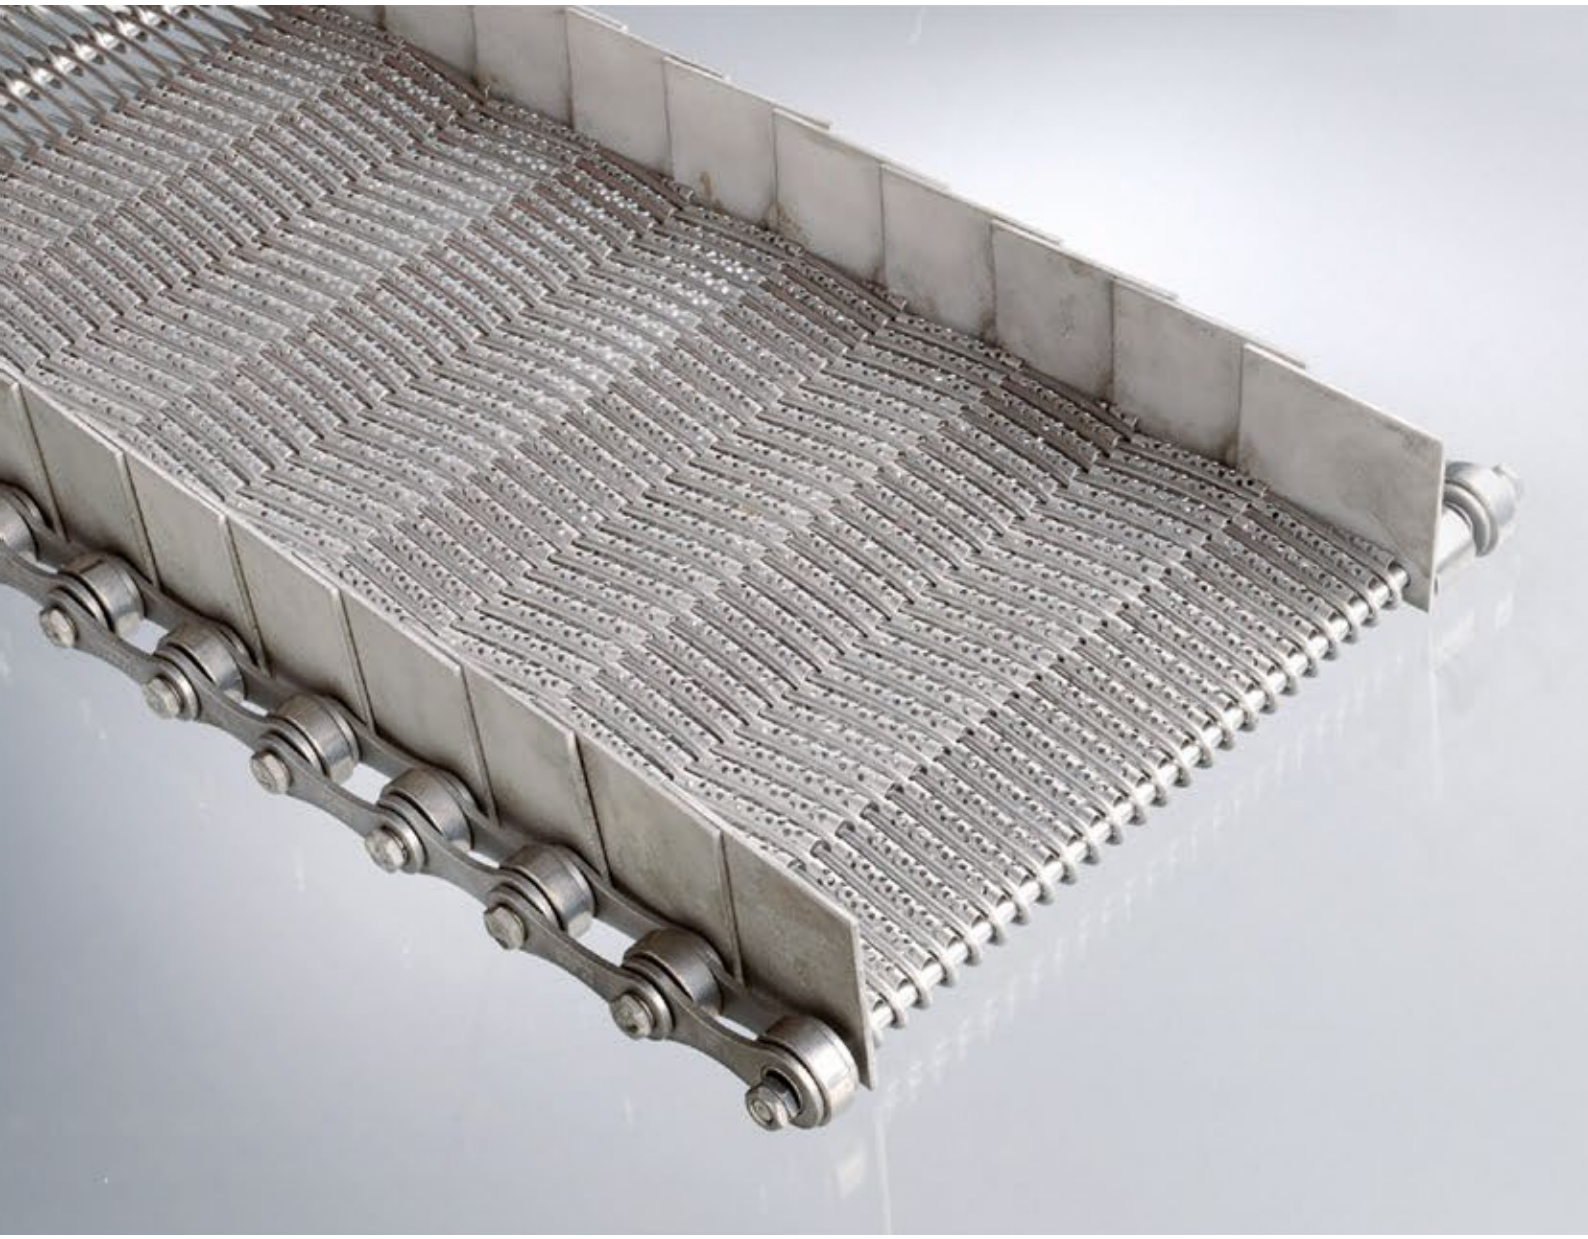
Individual approach means production according to Your wishes.

You will immediately recognize our quality. And you can only guess what it's worth.

When each component harmoniously fits into its environment, a single whole is formed, which is something more than a simple sum of individual components.

DOH Ltd. strives for high quality even in the smallest details.





We are pleased with the diversity of the tasks to be solved.

We like to work with different clients and solve different tasks. The advantage of a traditional manufacturer is that thanks to our experience we can solve the most complex problems.

From the implementation of special projects to standard products. For You as a client, only the individual order and its implementation, which we carry out together, is important.

From the pretzels to the bolt.

Our field of activity is the solution of Your problems.

Our wire conveyor belts are extremely strong, easy to maintain and durable. Standard belts and belts of special designs will ensure the smooth operation of Your equipment. Our experience covers different production areas:

- Heat treatment
- Production of automobile spare parts

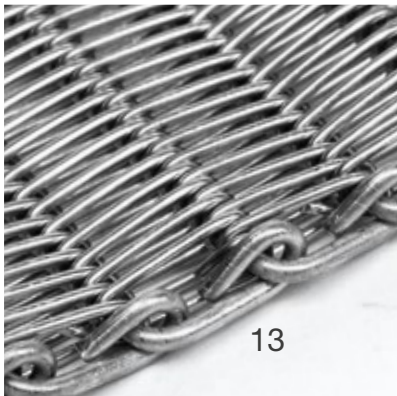
Stock clients



Arguments that speak in our favor.

Our peculiarity is our highest competence.
From the customer's first call to after-sales service.

After-sales service.

DOH Ltd. continues to work with the client where others stop it.

Along with the production and sale of high-quality belts, we also provide their installation and adjustment. This guarantees smooth operation and reliability of the product. We mount and help You with it. We are ready to provide You with service and expert control, including after installation.

Cleaning of wire belts.

This is an additional service that pays for itself.

Our stainless steel wire belts are cleaned of technological sediments of fat and oil. To do this, we use our own cleaning plants. This is an important advantage that provides our products and Your equipment with a long service life.
